Are your patients receiving

OptumCare

Your complex therapy patient is instructed by our team of RRT's and RN's

Mitchell Home Medical's expert referral representative will report the results of our efforts to you. So that you, as the primary caregiver, can deliver **Optimal Care**

Compliance and efficacy data is sent wirelessly to Airview.

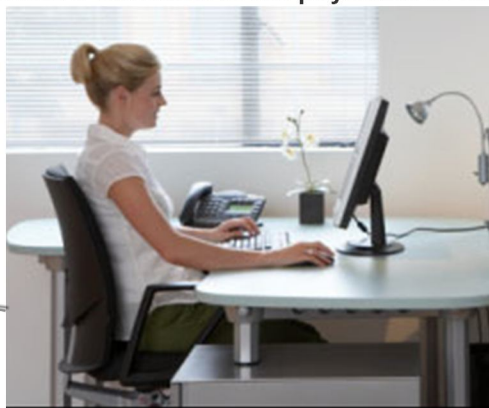

ResMed

AirView™

AirView collects, stores, and allows access to reports.

Mitchell clinicians monitor data and assess alerts from U-Sleep to determine if feedback to the physician is warranted.

U-Sleep

U-Sleep assesses compliance and automatically reports elevated apnea and hypopnea.
